

2023: A Year of CIBike Partnerships and Fellowship

2024 CIBike Board of Directors Installed at Holiday Party

2024 CIBike Board of Directors

Dana Werner, Secretary; Val Gordon, Grants; Sonia Sondomer, Rides; Dan Mathews, Programs; Mirta Millares, President; Diane Stein, Past President; Soheil Roshan-Zamir, Membership; Kurt Wilkinson, Director at Large, Chad Kominek, Public Relations; not shown – Jenny Owen, Treasurer.

A round of applause, please, for the incoming CIBike Board of Directors who were introduced at the December 10 holiday party. At the same event the outgoing board was recognized and thanked for keeping the club’s wheels spinning during 2023. Read more about the new board and club updates in the following pages. Chain Chatter Newsletter

Our newsletter, Chain Chatter, is distributed by email to members, unless requested otherwise. It is also posted on cibike.org under "members." Your letters, stories of cycling experiences, news items, ride ideas, tech info, etc., are welcome! Please email information to: Margaret Mathews, Editor, at Margaretann2105@aol.com.

Renewal Notices

Renewal notice; notices are emailed to members annually. Questions about membership may be directed to Soheil Roshan-Zamir.

CIBike Presentation Meetings

News about the club's quarterly meetings will be posted in club emails, Chain Chatter, Facebook and on www.cibike.org.

Cool Breeze Century

The 2023 Cool Breeze Century was held on August 19, 2023. It is held every third week in August. The 2024 Cool Breeze will be held on August 17.

CIBike Mission

The Channel Islands Bicycle Club (CIBike) is an inclusive, non-profit organization that promotes bicycling for recreation, health, sport, and transportation. CIBike is committed to increasing awareness, skills, and safety for cyclists through worthy programs, grants, and partnering with agencies that share our vision of fun and safe cycling.

President's Message from Diane Stein CIBike 2023 President

As my presidency comes to an end, I'd like to reflect on some CIBike accomplishments.

The year started with weather related challenges. Heavy and frequent rains made it difficult to schedule rides with any consistency. Road closures due to flooding and mud slides were everywhere. CIBike did a great job monitoring conditions and providing regular communications.

Weather for the annual Spring Fling and club picnic was fantastic. Participation was enthusiastic with 31 attending the Fling and 69 for the picnic. Routes were impressive and functions were well organized. The first Pismo Beach Turkey Trot had a great turn out with 19 in attendance. We hope to see the Turkey Trot return as an annual event.

CIBike acquired the use of Patagonia's retail store for General Meetings and Public Programs. We had a successful six program series. Program topics varied and meetings were well attended.

Cool Breeze Century, CIBike's only fundraiser, was an amazing event. Ridership was up from the past few post-Covid years. Proceeds from CB provides funding, in the form of Grants and donations, to the cycling community. This year, CIBike funded three local grants, totaling \$8,350 and donations, totaling \$9500, to four cycling organizations.

The Year Rounder program ended with 25 qualifying riders, four of whom additionally completed the Century portion of the program.

Meet Your 2024 Board of Directors

Mirta Millares, President

I joined the Channel Islands Bicycle Club (CIBike) in 2017 after taking an early retirement and moving permanently to the Ojai Valley with my wife Cheryl. Cycling was on the top of my retirement “To Do” list. In CIBike, I found an organization that provided a multitude of well-researched cycling routes, frequent club rides and fun group events throughout the year.

More importantly, I have made wonderful new friends of like-minded cycling/hiking/travel enthusiasts! It has been an enriching learning experience working with a dedicated group of club members on the Board of Directors the past 3 years [as Director-at-Large (2021) and Director of Programs (2022-2023)] and the multitude of volunteers that make all our events phenomenal. I am honored to have the opportunity to serve as President in 2024, with Diane Stein as Past President at my side after such a successful 2023 club year, and the rest of the magnificent 2024 Board: Jenny Owen, Dana Werner, Val Gordon, Dan Mathews, Soheil Roshan-Zamir, Sonia Sandomer, Chad Kominek, and Kurt Wilkinson. Let’s have a great spin in 2024!!

Sonia Sandomer, Rides Director

Thank you for the opportunity to serve as Ride Director for the Channel Islands Bicycle. I’ve been a member of the bike club since 1990. Bike rides are really the heart of the club. I will try to arrange interesting routes for the coming year as repairs are made on our favorite routes that were damaged in last year’s storm. Look forward to fun times cycling here in our beautiful county.

Chad Kominek, Public Relations

My wife Darcy and I live in Camarillo, where I own a small business. My cycling began in my 20’s when I challenged myself with long solo road rides, including some crazy solo rides like to Las Vegas, Palm Springs, Big Bear, etc. After some years distracted by other sports, I took up Saturday mountain biking. Now that I deal with permanent atrial fibrillation, I’m finding road biking to be a favorite activity again. I’ve really enjoyed the bike club camaraderie and friendships.

Val Gordon **Grants Director**

My husband of 38 years, a golfer, and I moved to this area from Santa Clarita about a year ago. I grew up a little north of Ventura, so this was like coming home. It is great to be back. Our son and daughter-in-law in Washington DC are showing us by example how to travel the world. I am wondering where this will take us... When I am on my bike, I want to enjoy the process.

We live in an extraordinarily beautiful area, and I consider getting out on my bike to be a privilege. I am grateful that I have the ability to do things that bring me joy, and I value the friendships that are developing along the way. I look forward to serving as Grants Coordinator for a second year.

Dana Werner, Secretary

I've been enjoying biking with the CIBike club for over 6 years now. I particularly love how freeing cycling is and how many fun and interesting friends I've made along the way. I enjoy taking part in the Year Rounder Metric Century rides and also supporting the club's events such as being an MC for the recent holiday festivity.

***I plan on cycling with the club
for a long long time into the future!***

Soheil Roshan-Zamir **Membership Director**

In July 2014, a few months after arrival in Ventura County, having retired from aerospace work in Seattle area, I was seeking to join a bicycle club in my neighborhood. It was then when I discovered The Channel Islands Bike Club and promptly joined the group. Since then, it has been a pleasure to serve the club in various capacities including membership director at the moment.

I am pleased to report that in spite of the adverse Covid impact in 2020 and 2021, causing the total membership to drop to 250 members; we now stand at 316 strong and growing! In terms of my own cycling routine, I enjoy participating in the club-scheduled rides regularly.

Dan Mathews
Programs Director

For the past two years, I have had the privilege of serving as the club's Rides Director alongside the many members who helped as ride leaders. In 2024, I will serve as the Programs Director. We are already reviewing programs that were popular during the successful 2023 programs year. We have found that travel documentaries and medical/health topics seemed to be enjoyed by most. Please submit your ideas and suggestions to me at programs.cibike@gmail.com.

Jenny Owen
Treasurer

My husband Larry and I have been bike club members for over 20 years. In 2023 I served as Public Relations Director for the club and in 2022 was the club's Treasurer. Our lives have changed over the years but biking has remained a constant. I hope to see a lot of you on the road.

Kurt Wilkinson
Director at Large

I started riding in the mountain biking arena and still love mountain biking to this day. I did my first road ride at the Amgen Tour of California fun ride in 2006. Just 35 slow road miles on a mountain bike, but we loved the fun ride vibe and my buddy and I were hooked. We both bought road bikes within a couple months. Ever since then I've enjoyed expanding my riding to centuries, touring and bike packing and whatever sounds fun.

Now that I'm retired and have a little more time, I'm looking forward to supporting the biking community and CIBike. I like Treks motto... ride bikes, have fun, feel good.

Diane Stein, Past President

I have been a member of CIBike for 12 years. Jeff and I moved from Ohio to Oxnard in 2009 to help care for his aging parents. As empty nesters moving to a new community, my sister introduced us to the world of cycling. Neither my sister nor husband still ride, but I am passionate about the sport.

I try to ride 2-3 times a week and actively participate with most club activities. I've taken part in many biking tours and ridden a lot of organized events. I even rode one 200k a month for a year with the PCH Randonneurs. I've made so many lifetime friends through cycling. During our rides we seem to laugh, cry, debate, solve our world problems and share so many experiences together. I look forward to more years on the bike and seeing all my biking buddies on the road often.

2024 CIBike Events

| 8 December | Suggested date for holiday party |
| <i>Some dates and venues may change - updates will be posted.</i> | |

Board of Directors –

Governed by the Club’s By-Laws

As a 501(c)4 non-profit organization, CIBike must follow certain rules and regulations including adhering to a formal set of By-Laws. Members of CIBike are encouraged to review the club’s By-Laws located on the website under “about us.” The By-Laws describe the process of being elected to the Board of Directors. Of particular interest is section 6.04 under Article 6 which describes the duties of each elected board member.

CIBike Appointed Positions

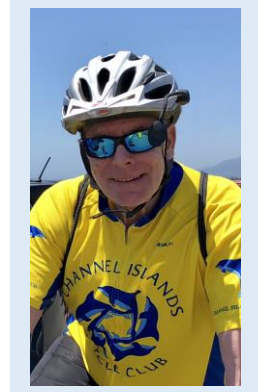

There are four appointed positions in the CIBike leadership. These volunteer positions are not elected by the membership but rather are designated by the Board of Directors to those willing to volunteer their time and effort. They include Government Liaisons – Kate Faulkner, Leslie Ogden, Val Gordon; Chain Chatter editor – Margaret Mathews; Year Rounder Program – Sonia Sandomer; Website content and management – Soheil Roshan-Zamir and Mike Stewart.

It Was a Very Good Year for Rides

By Dan Mathews, Rides Director

During 2023, our objective was to offer an expanded variety of riding experiences including exciting new routes, the Year Rounder program to encourage the pursuit of personal challenges, and continued camaraderie and friendships.

YEAR ROUNDER 100 MILERS -

We completed four 100-mile rides as part of the Year Rounder Program. Each route was unique offering a hilly or flat version with either new or modification of existing routes. The third ride was the Cool Breeze Staff ride. The dates were:

- 18 February - This ride which was largely flat included a new route through the University of California Santa Barbara on the return from Stow Grove Park. We rode the Obern Bike Trail and worked our way back to Ventura.
- 13 May --This was our hilly ride. We rode up Dennison Grade, across Casitas Pass, up Gobernador and Greenwell hills. We will plan this route again in 2024.
- 12 August – The Cool Breeze Staff Ride – always a favorite with rest stops and roving SAG support.
- 2 December – Flat route to Goleta and Stow Grove Park. The route included a 62-mile option.

12.2.2023 Century Ride Stow Grove Park

The 100-mile rides had between 10 to 15 member-riders each time. The rides included SAG support at designated rest / refueling stops. We also tried to schedule two, 62 mile (metric century) rides each month allowing Year Rounder participants opportunities to complete their monthly goal.

On Saturday in Ventura, we offered two ride destinations each week. Some of the rides included options that would make the rides longer for those seeking more challenge. For example, the Three Harbors ride had an added option to ride to Cal State Channel Islands and another option to return via the city of Oxnard.

Margaret and Mike provided SAG support for the 100-mile rides. Sonia manages the Year Rounder Program.

WEEKEND ADVENTURES - Thanks to Mike Stewart for organizing two away trips this year. In April, we rode the Spring Fling with several routes in and around Solvang / Buellton. In November, the Club rode the Turkey Trot in the Pismo Beach area. Both trips were very popular with multiple days of riding on interesting and scenic routes. We look forward to riding them again in 2024. *Continued on next page*

Rides Report continued

GRAVEL BIKING - In 2023 we had some success in launching gravel rides. With help from Kate as Ride Leader, two events were scheduled on Sulphur Mountain Rd. Also, Mirta has made arrangements for our Club members to ride with the Mob Shop in Ojai that already has scheduled a gravel program. We will continue to add to the gravel opportunities in 2024.

EAST COUNTY – Our East County Saturday rides begin at the Tierra Rejada Park in Moorpark across from the Von's Shopping center and Moorpark High School. The Sunday rides are twice a month, 2nd and 4th of the month from Camarillo's Mission Oaks Park. All East County rides depart at 8:29. The East County Program is led by Mike Stewart (mdstew48@gmail.com).

RIDE LEADERS - A big shoutout to our Ride Leaders. These folks help organize the ride, watch out for participants, and ensure the day is a success for all. Thanks to those who have offered their services.

FIRST SATURDAY – CLUB JERSEY DAY

Remember to show your club spirit by wearing your CIBike jersey on the first Saturday of the month. This CIBike trend is developing a world-wide following!

Don't have a jersey? Contact the Jerseymeister at DanMathewsLA@gmail.com. There is a limited number of jerseys available for purchase. Hurry while supplies last!

Please send your ideas on routes and destinations to ridescibike@gmail.com or danmathewsLA@gmail.com

Members are encouraged to review the Rides and Events Calendar on the Club website for upcoming special rides, meetings, the picnic, Holiday party and other activities that are planned. The calendar is usually updated weekly. Questions should be directed to Ridescibike@gmail.com.

Grant Director Val Gordon Announces 2023 CIBike Grants and Awards

2023 Grant Recap

While waiting to receive grant applications at the beginning of the year, there was communication with Ojai's Public Works Department, discussing group bike rack installations at various popular cycling snack stops. We were not successful with our attempts, but it was worth a try...In the second half of the year, five grant applications were received, and three grants awarded.

Thousand Oaks Adaptive PE Class was awarded \$2000 for maintenance of old bicycles and purchase of new three-wheelers. They currently have (3) three-wheelers, and (1) hand-bicycle to share amongst (24) students that are challenged by varying physical and mental capabilities. Staff and students are thrilled that the old bikes will be serviced and new bicycles are soon to come.

BikeVentura was awarded \$3350 to extend their Youth Bike Skills Training Program to local schools outside of Ventura City limits. This program takes place on school campus, with a target audience of 4-7 grades. BikeVentura workers supply the bicycles, and teach cycling skills during PE classes for a full week. We fully support this program expanding to local campuses.

Project Bicycle Love was awarded \$3000 for the purchase of new bicycles and helmets for youth in the Ventura County Foster Care System, Transitional Living Homes, and other at-risk situations. Project Bicycle Love has gifted 1000 bikes through their program, and is very grateful to be able to continue gifting children-in-need with bicycles for sport, recreation, and as a means for transportation.

In 2023, CIBike continued to support the following groups through non-application grants: Rails to Trails, California Bicycle Coalition. League of American Cyclist, Adventure Cycling.

Val presents CIBike grant check to Larry Abele of BikeVentura.

The Thousand Oaks Adaptive PE class was the recipient of a CIBike grant.

A CIBike grant was awarded by Val to Project Bicycle Love.

Catalonia, Spain Bike Trip 2023

By Chad Kominek

This October, I went to Spain - my first real bicycle trip abroad.

This was to Spain with a group of 7 other cyclists from California. Jim Dingis was the only one I previously knew, and I thank him for inviting me, it was a blast! He had heard about the trip from some other local cyclists.

The trip was 8 straight days of cycling, beginning in Ripoli, (near Girona), Spain. I flew into Barcelona and took the train to Girona. Spain has an excellent train service, safe, pleasant, clean, and affordable.

My flight to Spain went through London, so I had time to take the tube and walk around London a bit before I had to get back to Gatwick via the Gatwick Express train (30 minute from city centre) for my flight to Barcelona. The time zone in Barcelona is 9 hours ahead of ours, so that needs to be planned for.

My first night in Barcelona I stayed in a lively district of Barcelona- Les Corts, and walked around town to a Turkish restaurant, which was quite good. Dinner time in Spain is 8pm or afterward. It's VERY difficult to get dinner in a restaurant at 5pm or even 6pm - siesta isn't over yet!

The bike ride could have been called a "self-guided tour." In this case, the tour company arranged bike rentals for us, of excellent quality. Spain is a bike-crazy country! The annual Vuelta a Espana is a huge international bike race that can be compare to the Tour de France.

The tour company also arranged the pre-determined routes and hotels, and shuttled our luggage to the next night's hotel. Each hotel, which were mainly in small hotels or villages, had a full breakfast-our group had selected a somewhat upscale tour. There was not, however, a ride leader, nor a specified beginning or ending time. We did spend some time lost! (If you have ridden with me before, you may not be shocked to hear that.) We mainly navigated by Ride w/GPS maps on our cell phones. I rode a Canyon E-bike, the other seven folks in our group were not on E-bikes. There was a LOT of climbing!

Day 1 was 56 miles and 6529 ft of climbing!

This was probably the hardest day. We rode to the top of a ski resort at 7,000-foot elevation, and at the border with France. My E-bike battery did not quite get me to the top, but close enough that I was able to pedal without power the last bit of the climb, and the way back down to our hotel.

Continued on next page

Chad's adventure continued

Day 2, also in the Pyrenees mountains

was 47 miles and 3400 ft of climbing. Our route was once blocked by a cow, later by a herd of sheep across the entire road. The menus in this part of Spain are often ONLY in Catalan language, NOT Spanish. I was the only person that spoke passable Spanish in the group, but I was of no help with Catalan. Fortunately, someone in our group had downloaded Catalan in Google Translate.

Day 3 was 51 miles, and 5300 ft of elevation gain.

We rode over more than one Col, or mountain pass, on a day like this.

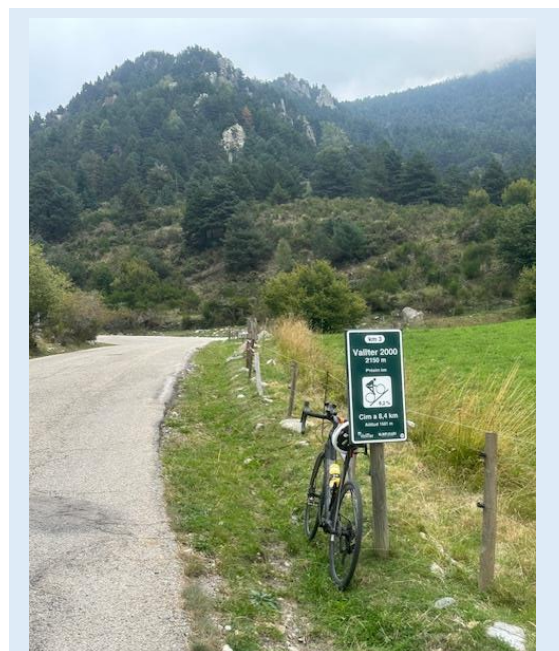

We were almost always riding through post-card picturesque village with stone buildings and often cobblestone roads in the center of the village. ***Day 4 I rode 62.3 miles to achieve a Metric Century*** for CI Bike Club! I had to ride many circles in a European round-a-bout to get the last couple of miles. This day ended in Girona. ***Day 5 was from Girona to the beach***, the Costa Brava on the Mediterranean, where we spend some ride time pedaling from Cala (cove) to Cala. Unfortunately, the calas were often separated by hills that needed climbing.

By Day 4, I was out of clean cycling clothes, and began experimenting with the best ways of “shower-laundrying” my cycling clothes. Our weather, by the way, was mainly very pleasant, rarely a jacket needed, except at the top of cols, like the ski resort day, where it was, of course, much chillier. ***Day 6 was 45 miles and only 3200 ft of climbing.*** Since this ride was 8 CONSECUTIVE days, a couple of folks in our group sat out a day or two due to fatigue or slight injury/soreness. Jim and I rode all 8 days. ***Day 7, like day 6, including lots of beach road riding,*** and took us near France again. ***Day 8, the last day,*** took us 48 miles and only 2800 ft of climbing to end our ride in the larger town of Girona.

A few of our group commented that the only thing they would have changed about the ride would have been to have less climbing, so they would have had more energy and time to explore the area, post-ride. Several of them had been on other cycling tours on which this was the case.

During the trip, I was very taken aback by the quality of Spanish wine, and the low prices- compared to California wine prices. It was difficult to pay more than \$4 in euros for a glass of good Ribera del Duero, Rioja, or Priorat. The food was excellent also - I became hooked on the local octopus dishes. I can't wait to do another trip, probably in a different part of Spain or-who knows where!!

Chad

President's Message continued from page 2

CPR/First Aid training was offered to club members. Sixteen completed the program which accounts for more trained cyclists on club rides.

CIBike participated in various community events like the Cyclemania and Santa Claus Lane Bikeway Ribbon Cutting ceremony.

CIBike continues to develop and maintain many relationships with local government regarding cycling and transportation infrastructure. Biking advocacy continues to be an important club component.

CIBike is a club of 316 members. Membership commitment and volunteering diligence is how CIBike achieves its' success. Thanks to you that make our club what it is!

Diane

The Channel Islands Bicycle Club's Illustrious Chain Chatter has big plans for 2024 and you can be part of the hoopla!
Editor Margaret Mathews and Assistant Editor Miss Sassy Pants

Miss Sassy Pants
For PR, Modeling
and Movie Rights,
please contact the editor.

The Chain Chatter is published quarterly and features pertinent news scoops fun stories. I would like to thank Dan and Soheil who have been instrumental in getting this newsletter published and distributed.

Now, a message from our Assistant Editor Miss Sassy Pants:

The Spring edition of Chain Chatter is published at the end of March and features the *Annual Rides Extravaganza*. Send in your best stories about your cycling vacations, new and exciting routes, challenging accomplishments, volunteering - anything cycling!

*Happy and safe riding in 2024,
Editor Margaret*

CIBike Breaking News

Here in the club newsroom our electrifying editors are furiously toiling to bring you the latest CIBike events news!

Our dear friend and club member John Darling passed away in October. John is remembered as an invaluable volunteer, not only with the club but also with the community. He always stepped up when the call for volunteers went out, including his work with the Easy Rider program.

Ralph Fertig Coastal Bike Path Temporary Closure Notice

The Ralph Fertig Coastal Bike Path – or some know it as the Rincon bike path - along US101 will be temporarily closed for emergency construction to repair damage to the bike path and adjacent slope caused by Tropical Storm Hilary.

Construction is anticipated to begin January 15, 2024 and is estimated to take 30 working days. During construction, the bike path will be fully closed between Bates Road and Old PCH to ensure workers and public safety.

Alternate CIBike northbound routes are being examined.

For further information, please contact James.Medina@dot.ca.gov

BikeVentura: The BikeVentura education staff and volunteers have continued to build bicycle education programs for elementary and middle school students. Our partnership with the City of Ventura serves to fulfill the bicycle education curriculum within the Ventura Unified School District. Our staff also made inroads into bringing education programming to private school locations in Oxnard such as Santa Clara Elementary School. Each weeklong course concludes with everyone's favorite activity, the group ride around the neighborhood. Our education team leads all the proud participants together by bike, some of whom did not even know how to ride until given this chance.

PCH at Sycamore Canyon Road Work

According to the Malibu Times, a \$51 million project to remedy "One of Southern California's most "highly vulnerable" roadways..." should be completed in the Spring of 2024." The project, which will see the installation of two new "secant" (retaining) walls on the ocean side of the highway, received approval from the California Coastal Commission (CCC) in the spring of 2023 with work expecting to last about a year-and-a-half. During the construction period, the road shoulder would be inaccessible and traffic would be slowed to 25 miles per hour. [Work Begins on \\$51 Million PCH Retaining Walls • The Malibu Times](#)
Our bike club encourages members to avoid the area until work is completed.

CIBike Supports the November 8 Opening of the Carpinteria Bikeway

CIBike members get ready to ride to the November 8 opening of the Carpinteria Bikeway.

Photo by Margaret

On November 8, the Club leadership and many members joined Ventura County and the City of Carpinteria for the opening of the “Carpinteria Bikeway” with Club President Diane helping to cut the ribbon. The new bike path provides a safer shortened distance from Carpinteria to the Santa Claus Lane and Padaro Lane. Also in attendance was State Senator Monique Limó’n and Channel 3 news anchor John Palminteri.
