

WINTER 2016

Thanks to our CIBC leaders, Volunteers, and Members - **2016 Was a Very Good Year**

In this, our final issue of 2016, we look back at the many accomplishments and activities of which we are proud, and introduce your new leaders and some exciting plans for 2017.

Left to right: Edwin Velarde, 2017 President and 2016 Rides VP; Terry Spragg, 2016 Programs VP and new Special Programs Committee; Kate Faulkner, continuing as Government Liaison; Ron Parker, club historian, photographer, Special Projects Committee; Linda Bott, continuing as coordinator of the Year Rounder Program; Bill Faulkner, Director of Safety and Training; Leslie Ogden, new Secretary; Patrick McDonald, 2016 Treasurer and new Grant Coordinator; Soheil Roshan-Zamir, continuing Membership VP; Dan Mathews, 2015-16 President and new Treasurer; Bob Burrow, 2016 Director at Large and new Programs VP. *Not pictured:* Sean Michnowski, 2016 Secretary and new Head of Website Committee; Margaret Mathews, Publicity VP and Chain Chatter Editor; Directors at Large Danny Mathews, Steve Gwillim, Mike Stewart, Fawzi Emad.

Following two years of significant accomplishments, exciting rides, community services, and increased membership, outgoing President Dan Mathews presented the Club's gavel to incoming President Edwin Velarde. As shown in the picture at the left, Dan congratulated Edwin and presented him with the iconic "President's Boot". The change of command was held at the annual club holiday party and board installation on December 11 at the Saticoy Country Club. Dan also introduced his team and thanked them for their support and tireless dedication. He said: "Together we accomplished many of the goals I had for our Club. These advancements could not have been possible without this team and I owe them my gratitude." Read Dan's complete message on Page 2 in the President's Message column, and Edwin's message on page 3.

CIBC is a nonprofit recreational organization that provides enjoyable and recreational bicycle riding and related activities in and around Ventura County.

2016 Club Officers/Volunteers

President.....Dan Mathews
 Secretary.....Sean Michnowski
 Treasurer Patrick McDonald
 Programs Terry Spragg
 Public Relations Margaret Mathews
 Rides.....Edwin Velarde
 Grants Norman Schiele
 Membership Soheil Roshan-Zamir
 Government Liaison..... Kate Faulkner, Leslie Ogden
 Directors at Large Bob Burrow, Mike Stewart,
 Fawzi Emad, Danny Mathews, Steve Gwillim

Chain Chatter Newsletter

Our newsletter, Chain Chatter, is distributed by email to members, unless requested otherwise, and by mail to those without email. Also, it may be found on the club website. Your letters, stories of cycling experiences (good and bad), news items, ride ideas, tech info, etc., are welcome! Email:

Margaret Mathews
 Publicity@cibike.org

Renewal Notices

Please watch for your renewal notices, which are e-mailed to members annually.

Monthly Meetings

General meetings are usually held on the third Thursday of each month (except December). Due to scheduling and logistics, the dates may change. Current dates and locations are communicated in the club website, the website Forum, the CIBC Facebook page, and the president's emails. Club business and guest speakers are featured. Everyone is welcome.

*A Note Regarding E-Mail Addresses

We have found that email addresses published in this newsletter have been used to generate spam email. In an effort to prevent this, email addresses are presented as [recipient] AT [website] DOT com, rather than using the conventional [recipient]@[website].com format....

Final Message from our 2015-16 President

Dan Mathews

As I write my final "President's Message," I am filled with gratitude for the opportunity to serve as President and to have worked with so many fine and dedicated individuals. Together we have worked side-by-side to accomplish a number of significant achievements on behalf of our Club. I am proud and grateful for your friendship and service to our Club.

Thank you to the CIBC Officers, Directors and members who made our Club fun and exciting during 2016. I am very proud of our many achievements we have made together during the past two years that I have been your club president. While our goals have been met, every accomplishment big and small has been due to the diligence and dedication of a core group of members. I am grateful for my associates who have dedicated many hours of their own time in order to advance our club and reach our goals ensuring our organization offers a wide range of recreational and volunteer opportunities for everyone. While I cannot mention all of our accomplishments I would like to summarize a few of the most significant ones.

We were successful and launching a new web site, new email system for members and a new Officer's email system, thanks to the website committee of Soheil, Sean, Jon, Norm, Mike and myself. We added Sunday rides from Ventura, the All Club Ride, the Ride of Silence and supported other fund raising events. Thanks to our Programs VP Terry Spragg, we had a dynamic speaker at each of our meetings. Soheil worked tirelessly to develop the new membership email system and provided a newly designed membership card. Edwin organized two Los Angeles/AMTRAK rides and several one-off events. Patrick, as treasurer, kept our finances in order, taxes filed and all bills paid. Margaret published our Chain Chatter newsletter quarterly with photos of most of the major events for the year. Our Grant Coordinator Norman vetted each of the grant requests, interviewed applicants and made recommendations to the Board. As a non-profit organization, one of our missions is to help fund, through grants, other non-profits that share our goals of safe and fun bicycling.

Our Directors at Large included Danny, Bob, Mike, Fawzi and Steve. Each contributed to events during the year to include the annual picnic and other special gatherings. Our web site committee headed up by Sean continued to make improvements to our new site. We continue to add features and welcome suggestions on how to make the site more user friendly. Thanks to Pat and Sherry Mullin for their great work in organizing the Holiday Party again this year.

Our new leadership team is in place for 2017 with many new rides planned. Read about your new team on the following pages. Please watch the ride calendar for upcoming events which are open to all members. Our Club is about the members and each has a voice in how best to keep our club robust and exciting in 2017! I'll see you out on the cycling routes!

Your CIBC Leaders – Past and Present

CIBC 2017 President Edwin Velarde

Edwin Velarde has been elected as the 2017 President of the Channel Islands Bicycle Club. Edwin began riding with the Moorpark Bike Rides, an extension of CIBC, to positively affect his diabetes. During the span of six years, Edwin has become an excellent cyclist as well as an integral part of our biking community and health advocate. As president, Edwin is encouraging everyone to establish cycling goals for 2017 whether it be the number of miles, types of events, or conditioning objectives.

Edwin brings vast experience running similar clubs and organizations, including a Rotary chapter, which will help project CIBC into the future. This past year as VP of Rides, he established Sunday rides from Ventura and organized several one-off rides to include the popular Moorpark to downtown Los Angeles with Amtrak return. In addition, Edwin is involved a numerous charity functions that involve recreational cycling. A most recent fundraiser was the Rotary's Epic Challenge ride of which he was responsible for the organization and management of the event.

Edwin will present his ideas and plans for the club and introduce his 2017 team at the January club meeting. Meanwhile he has published a survey requesting membership to input their ideas and suggestions.

Past President and New Treasurer – Dan Mathews

Dan Mathews has been a member of CIBC for five years, the past two of which he has been president. This year, Dan will take over the Treasurer duties from Patrick McDonald. Dan wrote about his accomplishments in his message on page two. Due to space limitations, he did not write about the many friendships he has made or the fun (and sometimes exhausting) rides he has been on or the weekend excursions to Solvang. Dan, not yet a retiree, still found time to participate in many of club's civic and charity events such as the ride of Silence, Wounded Warrior Ride, Epic Challenge, Cool Breeze, and more. He enjoys riding with his club friends but his best riding buddy is his son Danny.

Danny, served as 2016 director-at-large and worked on special events planning.

CIBC Website Committee

Our club is very fortunate to have dedicated and talented members on the website committee that was established in January 2016. Since then, due to their tireless work, endless meetings, working and reworking, CIBC now has a new website that offers an automated on-line membership and event system, Paypal, photo galleries, and user-friendly forum for posting articles, events, and other items of interest. None of this work was contracted outside. We are proud of our local talent and owe them our thanks for bringing the club into the modern era of communications. In addition to a broadcast membership email system, the committee established dedicated email addresses for primary officers. The team:

- Sean Michnowski, Lead
- Soheil Roshan-Zamir
- Jon Wallace
- Mike Stewart
- Norman Schiele
- Dan Mathews

Secretary – by Leslie Ogden

I'm pleased to serve as CIBC's secretary again.

Good communication seems to me to be an important element for an organization's success. I hope to help in that regard. Cycling has been so very good for me. It's given me an enjoyable and adventurous way to remain active. It has also put me in contact with fun-loving folks who set a high bar for generosity, vigor and audacity. Love it!

VP of Rides – Tim Turpin

Our new VP of rides is Tim Turpin, a long-time member of the Channel Islands Bicycle Club. Tim has been retired from the State of California Civil Service since 2007. He rides his bike two or three times a week and also enjoys running occasional 5Ks, swimming and competing with his Australian Shepard in canine agility trials. He and Sylvia recently celebrated their 45th anniversary and share two grandchildren.

Tim plans to offer alternatives to our standard rides that range in difficulty from challenging to more moderate. He encourages members to contact him with ideas/suggestions for future rides.

Soheil Roshan-Zamir - VP of Membership

Soheil will continue his service CIBC as VP of Membership. When asked to discuss his work as membership VP, Soheil wrote:

1. All WA generic system-generated emails have been custom-designed so as to suit club's precise purpose.
2. Automatic forwarding of all membership related emails to my personal email so that I can monitor all such activities most expeditiously.
3. Follow-up, in less than 24 hours, with any member inquiry relative to membership issues and payment.
4. Individual follow up of encouragement with members who may be hesitant to renew membership online.
5. Distributed club-wide information and offered detail explanation relative to security features of handling financial transaction through PayPal.
6. With Sean Michnowski's help (the site Admin), provisions have been made for payment by check. Upon specific request from individuals, PDF membership form is provided for joining the club or renewal.

Finally, the membership card! Prior to CIBC transition to online system of registration and renewal, membership cards were prepared and distributed through a manual, laborious system with recurring cost to club's financial resources. With CIBC transition to online, it made great sense that the entire process be reevaluation. So, it was after extended research and testing of resources provided by Wild Apricot and with Board's approval, that I have been able to finalize electronic method of membership card production and distribution. As a result, and in consideration of best device-related suitability, two credit card-size versions of the card were distributed through the entire membership on 30 November. Details may be found in an article in this newsletter.

For the upcoming year, it is my goal to reach out to club members and request feedback as how the overall membership process can be improved, as well as looking for implementing ideas that would make CIBC a more attractive bicycling club to join.

Patrick McDonald – 2017 Grants Coordinator and 2016 Treasurer

Pat is a long-time CIBC member and has served the Club as 2016 Treasurer. In this capacity, he was responsible for ensuring the club's financial records were maintained and in order and was a key participant in the financial set-up of the new website. He is taking over the grants coordinator duties from Norman for the coming year. Pat can be found on many of the Club's weekly rides and special events.

Bob Burrow – Programs VP

Bob's first ride with CIBC was right after the bikeway was opened along the Rincon. After retiring from the City of Camarillo following nearly 40 years of working for them as a city planner, Bob was able to do some of the things he always wanted to pursue but never had the time. Cycling, traveling, giving back to the community and other activities are his objectives since his retirement. His riding has continued to increase over the past three years with rides with the club and with riders in Camarillo. He enjoys different rides but realizes he is *not* Fast and Far material.

Bob is looking forward to helping out the Club further in his capacity with the upcoming programs. In addition to CIBC he has been a member of the Camarillo YMCA board for many years and is a board member of the Pleasant Valley Historical Society. With PVHS, he is the recording secretary and handles their annual speaker series as well as other activities. If anyone has any ideas for speakers at the club meetings, please let him know.

By Kate Faulkner – Government Liaison, Appointed Position

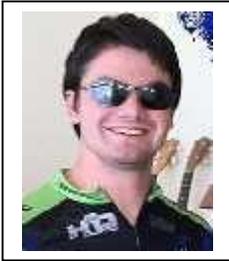

I am looking forward to serving CIBike in 2017 as a "Government Liaison". For me, being a "GL" means ensuring that CIBike:

- 1) Is recognized as representing hundreds of local residents who bike
- 2) is known to governmental decision makers
- 3) participates in local planning efforts that affect cyclists
- 4) partners with events and organizations that promote cycling
- 5) identifies and communicates ways to improve conditions for cyclists to governmental agencies

In the last several years I have developed relationships with County and City agencies, elected officials, and organizations that support and affect cycling. Examples of past projects are funding to construct the San Antonio Creek Crossing bridge on the Ventura-Ojai bike path, and advocacy for the recently completed Highway 101 Coast Bike Path.

I developed the concept of the Ventura County Wayfinding Project and worked with elected and County officials to implement the project. The Wayfinding Project is involving cyclists throughout the County in identifying inter-city cycling routes. The Project recommendations should be completed in 2017. I look forward to ensuring that the recommendations are implemented and Ventura County has an on-the-ground bicycle route system. I organized the program to train League of American Bicyclists (LAB) Certified Instructors in Ventura County. I will continue working with the City of Ventura to offer the Bike Skills classes to the public and am currently working with the City to offer Bike Valet Parking at downtown Ventura events. I hope to work with CIBike members who are interested in connecting with governmental personnel in their cities to improve cycling.

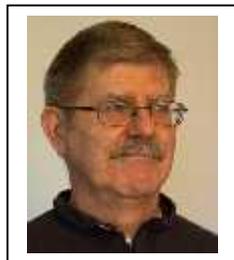

**Special Projects Committee – Danny Mathews, Terry Spragg, Ron Parker
Appointed Positions**

Danny Mathews joins the Special Projects Committee for 2017. Last year, as a Director-at-Large, Danny organized the annual picnic, supported the Ride of Silence, Cool Breeze, has taken photos on behalf of the Club, and has assisted with numerous projects with his dad, Dan Sr. While he has ridden on the club's rides, he is a mountain bike enthusiast. Danny graduated two years ago from USC and works full time as a financial analyst. In his spare time, he is ready to help the club in any capacity necessary. Danny said he would like to help promote safe and fun cycling among college-age and youth groups.

As Program Chair for 2016, Terry Spragg wrote: "Being program chair requires one to stay tuned into club members' interests, cycling activities and interesting programs in the community. Topics to monitor are issues such as safety, enjoyment, training, physical fitness, health, improved performance, bike maintenance, transportation systems, and issues that impact on the enjoyment of cycling. In pursuing new program speakers, pay attention to current bike and sporting events. The biggest challenge is to seek out bike advocates such as shop owners, cycling teams, transportation officials, experienced cyclists, cycling tourists, sports doctors." Terry has completed five group long distance tours: The Central Coast of California, US 50 across the North of Nevada, the eastern Cascade Range, the Rio Grande Valley of Texas, a circle tour of the north of France, (Paris, Normandy, and back via the Loire.)

Ron Parker is a long-time member of CIBC, has served the club in various capacities, and brings a wealth of experience and knowledge to his new position as member of the Special Projects Committee. For many years, Ron has been the "official" photographer, procedural expert, and historian for CIBC. Ron and his wife, Yvonne (also a Club member), frequently support the Club's special activities and most recently represented CIBC at the city of Oxnard's Multicultural Festival. Ron graciously shares his photos on social media and our newsletters. Dan Mathews said: "If you ever want to know anything about the history of the Club, how to interpret the by-laws, how to interface with the HUB, or how we evolved as a club – ask Ron Parker!"

**Margaret Mathews –
Publicity VP and Chain Chatter Editor**

Margaret continues as our publicity VP and editor of the Chain Chatter. She honed her publications skills as tech pubs chief at BAE Systems in LA. She said: "My limited publicity acumen is a work in progress and I welcome your ideas and suggestions as to how best communicate the club's mission and achievements into the community." She also encourages the submittal of cycling news and stories in order to keep the newsletter relevant.

**Appointed Position -Bill Faulkner –
Director of Safety and Training**

This past year, Bill Faulkner accepted the newly created position as Director of Safety and Training. Bill is well qualified to help develop standards and procedures for safe biking. As a club member for many years, Bill has helped shape the fabric of the club by leading and participating in numerous activities as well as serving as club president. Bill and his wife, Kate, are recent retirees from the National Park Service.

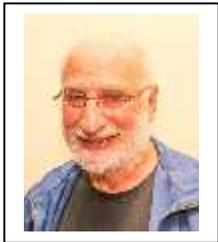

Appointed Position: Mike Stewart, Moorpark Bike Rides

The Moorpark Bike Rides is an affiliate of the Channel Islands Bike Club to create routes in the eastern section of Ventura County. Born in August of 2010, the Moorpark Bike Rides averages from 6-12 cyclists on a given ride. All rides start at 8:30am every Saturday and on the second and fourth Sundays of the month. Every Saturday ride leaves from Tierra Rejada Park in Moorpark. While the two Sunday rides depart from Camarillo's Mission Oak Park.

Most of the routes are hilly while exploring the beautiful areas of Thousand Oaks, Westlake Village, Agoura, Oak Park, Simi Valley, Wood Ranch, Moorpark, Camarillo, Somis and Malibu. If you like to bike and socialize then our rides are meant for you. Most rides average 12mph with distances of 23-44 miles on any given route. All rides are posted on the CIBC Rides Calendar with route maps and directions included. If you are tired of the same routes in the western Ventura County, then come join us in the eastern side while meeting a great group of friendly bikers. Head over to the webpage at <http://moorparkbikeclub.blogspot.com>

Appointed Position - Fawzi Emad – Ojai Cyclists

Fawzi leads the Ojai Cyclists. He organizes several rides each week leaving from the environs of the Vons parking lot in Ojai. The group consists of about 50 members who participate on a regular basis. Fawzi's routes boast of some of the most specular scenery in the area, and are usually 40-50 miles in length.

Linda Bott – Year Rounder Program

Have you set your cycling goals for 2017? You might want to consider adding the Year Rounder to your goal list. Just reset your odometers on January 1. At the end of each month send in your total mileage and we will tabulate your monthly total. Regardless of how many miles you ride we ask you to send it in. If you do a ride of 62 miles or more in the month you will be added to our group of consistency riders who get a prize at the end of the year. Let's see how many miles we as a club can ride! If you have any questions, email me at bebotts@hotmail.com. Happy riding, Linda.

Sean Michowski – Web Leader, Former Secretary

As the CIBC secretary, my duty was to record the proceedings in Club meetings and then review those records and any outstanding items at the next month's Club meeting. I wasn't able to attend all of the Club meetings so Dan did a wonderful job tracking and filling in details (thank you!). I also was involved in setting up our Club's new website. This started as a collaborative effort in January 2016 and we had the new site up before the spring. Many thanks to Jon, Mike, Soheil, Norm, Mike, Margaret, and Dan for all of your support! There were many executive decisions made about setting up club email addresses, a club forum, online membership, and online registration for special events such as the Holiday Party. I think automated services like these are great because they no longer require members to write and send checks through the mail. Another great feature is an online member directory where contact info can be viewed. I am happy to continue working on the site and will be further refining it in 2017.

Continued

Sean

Continued

It was fun to organize content for the new site, and it gave me a chance to familiarize myself with all of the unique aspects of CIBC. We have pages dedicated to grants, Club activities, the Cool Breeze, Club history, etc. Through this, I also realized our Club is very involved in the community. We have good relationships with many local bike stores, many cycling-advocacy organizations promote us through our grant program, and we do a variety of fun rides beyond the regularly scheduled ones. In putting together the Activities and Gallery sections of the site, it was fun to comb through pictures of previous rides and see everyone having fun. We don't have all archived pictures up yet, they will be coming soon. I also have a few other ideas for the site that I would like to test out, things like being able to rsvp to rides on the ride calendar so we know who is coming. Please be patient with the new site, and I'd be happy to take input from you.

Bike Valet Service Provided By CIBC at 2016 Ventura Wine Walk

Bike Valet service was provided by Club members at the 2016 Ventura Holiday Street Fair Wine Walk. The valet area, located on California Street, offered an excellent venue for cyclists to drop off their bikes for safe-keeping while they strolled the event. Volunteers included Bill, Ryan, Rocky, Lilly, Leslie, Don, Patrick, Sonia, Terry, Norm, Jim.

New Do-It-Yourself Membership Card

By Soheil Roshan-Zamir

Prior to CIBC transition to online system of registration and renewal in May 2016, membership cards were prepared and distributed through a manual, laborious system with recurring cost to Club's financial resources. So, sometime in early November 2016, it made great sense that the entire process of card production and distribution be reevaluated. With that plan of action set by the board for the membership manager, an extended research and testing for electronic method of membership card production and distribution was initiated.

As a result, and in consideration of best device-related suitability, two credit card-size versions of the card were produced. It must be noted that production of PDF or JPEG (photo) version of the card is outside the current capability of our online software. It was in late November that two versions of membership card were issued to the entire membership via email. In future, every member will receive updated versions of the card upon completion of membership renewal process.

I must also note that in spite of all efforts made, the logo in one of the versions may not show on some devices due to a variety of factors such as apps, email systems and operating system employed. As such, members are free to choose the version most suitable. Cards may be printed or retained in digital format by saving the email in which they were received.

A final print-related note: When printing in Gmail, in print preview, the background logo (version 1 card) may disappear. Should that be the case, in print preview, the box marked "Background graphics" should be checked to resolve the problem. There may be a similar feature in other email apps.

Destination: Union Station

On Wed, Nov 2, 2016, about 12 of the CIBC Members departed from Moorpark's Train Station on their bike journey to LA's Union Station. On this exciting journey of 55 miles, cyclists launched bikes in Moorpark then rode through Simi Valley, the SF Valley, Burbank and LA, ending at the Union Station in downtown Los Angeles. Highlights: Old Santa Susanna Road, WB Studio, Disney Studio, Griffith Park Observatory. Riders enjoyed a relaxing and scenic ride home onboard the Amtrak. Thanks to Edwin Velarde who at the time was Rides VP, for organizing this popular expedition.

Memories of Don Graves, CIBC Pioneer and Former Club President

By Sonia Sandomer

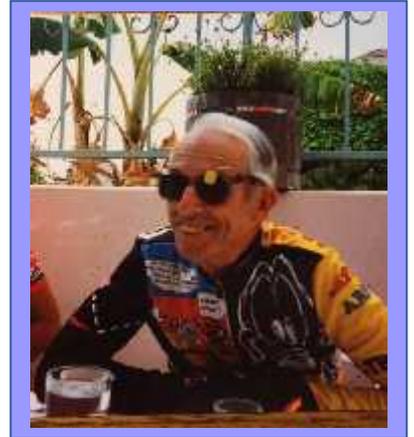

Don Graves, long-time member of CIBC/OVBC/VCBC, passed away on November 26 at the age of 94. Don was born in Seattle and moved to Eagle Rock, CA as a child. He met his wife Bev at the age of 14 in French class. Then WWII started and he became a Navigator in the Merchant Marines. After the war, he returned to California and married Bev - a marriage that lasted 69 years!

Don retired from Kiekhafer Mercury Outboard at the age of 57 and moved to Ventura. He answered an ad in the newspaper from Ed and Udas Young who wanted to start a bicycle club here. He was one of the first presidents of the initial bike club, VCBC. I still have a route slip from 1980 for the club's century ride. The route slip says: "Don Graves, President" and gives his home phone number in case you have an emergency! No cell phones then!

I got to know Don better when I became his neighbor in 1997. Don had a room in his house devoted to cycling and many of his friends spent hours getting fitted and measured for the proper bike fit. He had a special stick he used to measure proper seat height. I'll bet there are folks out there who know what I am talking about. He loved to instruct cyclists on bike fit, riding techniques like drafting, bike maintenance, anything that pertained to cycling. He was the expert. He loved his Litespeed bicycle with Campy components.

Don started making bike spoke bracelets, sold some but gave most away to his friends and acquaintances. I have many wonderful memories of bike rides with Don around Ventura County. I even got to pass the "Potato Juice" (vodka) around with Don and his friends at the Wildflower Century. Don had an outrageous sense of humor, and was a talented joke teller. There will never be another Don Graves. I feel so lucky to have had him as a friend.

Any club members who wish to contact Bev Graves, please write in care of her daughter who lives in Manhattan Beach, CA. Address info may be obtained from Sonia.

Ron and Yvonne supported Oxnard's Multi-Cultural Festival

CIBC was represented at Oxnard's October 1 Multicultural Festival located at the downtown park. Members Ron Parker and Yvonne Adan ran the Club table and promoted CIBC's mission of fun and safe biking.

Club Benefits from Continued Stream of Good Publicity from Oxnard PD

Each year, CIBC awards grants to local non-profit organizations that share our mission of fun, healthy and safe cycling. Funds for the grants are generated by the annual Cool Breeze Century. One of the award requirements is for the recipient to provide publicity and help spread the club's safe biking advocacy. Last year, the Oxnard Police Department received a grant that was used in their community-based programs to engage and reward safety-minded youngsters. In an email, Detective Crystal Walker wrote about a few of many uses and events directly affected by CIBC grant funds:

- CIBC water bottles given to many station visitors.
- Heroes and Helpers
 - Children receive CIBC coloring books and bracelets.
- Perfect Attendance presentation of bikes for kids - bikes and helmets purchased with CIBC grant funds.
- Community and school presentations include bicycle safety.
- Business presentations and many Facebook posts have included CIBC mission of bicycle safety.
- Community info packets contain bicycle safety tips and helmet info, many of which refer to CIBC.

Activate your inner journalist:

Submit articles, photos, news alerts, achievements, and fun stuff for the Chain Chatter. All you have to do is:

- submit in word format (not pdf)
- submit photos and include names, places, info
- articles/stories not to exceed 600 words
- suggestions, comments (no complaints allowed)
- ideas for feature articles
- send to margaretann2105@aol.com.

2016 Holiday Party Business and Dancing

The club holiday party is an annual festivity open to all members and features the installation of new officers, dinner, slide show, and DANCING! This year's December 11 event was held at the Saticoy Country Club. Patrick and Sherry Mullin organized the event, Dan Mathews and Edwin Velarde officiated, new officers were introduced, and Kate Faulkner led the vigorous dance troupe.

Calendar of Events

Join us! monthly club meetings are open to everyone. Join us to learn about what's going on, opportunities to get involved, and visit with your biking pals. Check the Cibike.org website and Facebook for times and location.
